Part A. | General Information

Sec. 1 Introduction

This publication outlines the communication procedures and transmission formats for the following information return:

- [Form 1042-S](#), *Foreign Person's U.S. Source Income Subject to Withholding*

Withholding agents are responsible for providing statements to recipients. Refer to the Instructions for Form 1042-S, *Foreign Person's U.S. Source Income Subject to Withholding*, for guidance on furnishing statements to recipients.

Sec. 2 Purpose

The purpose of this publication is to provide the specifications for electronic filing of Form 1042-S, *Foreign Person's U.S. Source Income Subject to Withholding*, with the Internal Revenue Service (IRS).

Generally, the boxes on the paper forms do correspond with the fields used for the electronic file, however; if the form and field instructions do not match, the guidance in this publication supersedes the form instructions. Electronic reporting of information returns eliminates the need to submit paper documents to the IRS. Do not send copies of paper forms to the IRS for any forms filed electronically as this will result in duplicate filing.

The FIRE System can accept multiple files for the same type of return. For example, if a company has several branches issuing Forms 1042-S, it is not necessary to consolidate all the forms into one transmission. Each file may be sent separately. Do not transmit duplicate data.

Sec. 6 Filing Requirements, Retention Requirements, Due Dates and Extensions

.01 Filing Requirements

For general instructions regarding Form 1042-S, refer to the [Instructions for Form 1042-S](#). This includes information about filing requirements, paper filing, and line instructions.

Filers of Form 1042-S reporting payments made under Chapter 3 or Chapter 4 may be required to file electronically. Section 6011(e)(2)(A) of the Internal Revenue Code provides that any person, including a corporation, partnership, individual, estate, or trust, who is required to file 250 or more information returns, must file such returns electronically. The 250 or more requirement applies separately for each type of return and separately to each type of amended return.

Beginning January 1, 2014, financial institutions that are required to report payments made under Chapter 3 (and Chapter 4 for payments made after June 30, 2014) must electronically file Forms 1042-S (regardless of the number of forms to be filed). See Internal Revenue Code Section 6011(e)(4) and Regulations Section 301.1474-1.

See [Form 8508](#), *Request for Waiver from Filing Information Returns Electronically*, if you are required to file electronically but this requirement causes an undue hardship.

Note: All filers are encouraged to file information returns electronically even if they are not required to do so.

All filing requirements apply individually to each reporting entity as defined by its separate Taxpayer Identification Number (TIN). For the purposes of this publication, TINs include:

- Social Security Number (SSN)
- Employer Identification Number (EIN)
- Individual Taxpayer Identification Number (ITIN)
- Qualified Intermediary Employer Identification Number (QI-EIN)
- Withholding Foreign Partnership Employer Identification Number (WP-EIN)
- Withholding Foreign Trust Employer Identification Number (WT-EIN)

For example, if a corporation with several branches or locations uses the same EIN, the corporation must aggregate the total volume of returns to be filed for that EIN and apply the filing requirements to each type of return accordingly.

02. Retention Requirements

Withholding agents should retain a copy of information returns (or have the ability to reconstruct the data) for at least three years from the reporting due date. Returns reporting federal withholding should be retained for four years.

.03 Due Dates

The due date for filing Form 1042-S electronically or by paper is March 15th. You must furnish statements to recipients by March 15th. If due date falls on a Saturday, Sunday, or legal holiday, the return or statement is considered timely if filed or furnished on the next business day.

.04 Extension of Time

The application of extension of time to file information returns must be filed by the due date of the return for which the extension is being requested. If the withholding agent /filer is requesting an extension for multiple form types, the extension must be requested by the earliest due date. A separate extension application is required for each withholding agent/filer.

There are three methods for submitting a request for an extension of time to file information returns:

Method	How To	Notification
Online submission of Extension of Time to File Information Returns	The Fill-in Form 8809 may be completed online via the FIRE System. (See Part B. Sec. 3, Connecting to the FIRE System). From the Main Menu, click "Extension of Time Request" and then click "Fill-in Extension Form".	Forms 8809 completed on line receive an instant acknowledgement on screen if form is completed properly and timely.
Electronic File Transmission (record layout)	A request for an extension of time to file information returns may be filed electronically by transmitting an electronic extension file. See Part D. Extension of Time to File.	Transmitters requesting an extension of time via an electronic file will receive the file status results online.
Paper submission of Form 8809, Application for Extension of Time to File Information Returns	Form 8809 can be obtained on www.irs.gov on the Publication and Forms tab. See Part A. Sec. 4, Communicating with the IRS. Mail completed Form 8809 to: Internal Revenue Service 240 Murall Drive, Mail Stop 4360 Kearneysville, WV 25430	Approval letters will not be issued for an original 30-day extension requests.

If the request for extension of time to file an information return is received beyond the due date of the information return, it will be denied. For more information on extension requests and requesting an additional extension of time, see [Form 8809, Application for Extension of Time to File Information Returns](#).

.05 Request for Additional Extension of Time

Regulations Section 1.6081-8(d)(2) allows a payer (filer) or transmitter to request an additional 30-day extension to file information returns if the first automatic 30-day extension was granted and the additional extension is submitted before the expiration of the automatic 30-day extension. The additional extension can be filed on Form 8809 or submitted electronically provided that the filer faxes a Form 8809 the same day the file is transmitted to satisfy the reason and signature requirement. The online Fill-in Form 8809 cannot be used to request an additional extension of time.

Sec. 7 Extension of Time for Recipient Copies of Information Returns

To request an extension of time to furnish recipient copies of Forms 1042-S, submit a letter to the IRS, Attn: Extension of Time Coordinator, at the address listed in the Part A. Sec. 4, [Communicating with the IRS](#). Include the following information in your letter:

- a. Withholding agent name
- b. TIN
- c. Address
- d. Type of return
- e. Specify that the extension request is to provide statements to recipients
- f. Reason for the delay
- g. Signature of withholding agent or duly authorized person

Requests for an extension of time to furnish statements to recipients of Forms 1042-S are not automatically approved. If approved, an extension will allow a maximum of 30 days from the due date. The request must be postmarked no later than the date the statements are due to the recipients.

Withholding Agents may file a request for an extension of time for recipient copies with an electronic file. See Part D of this publication for file specifications. A signed letter must be faxed to the IRS (1-877-477-0572) by the transmitter the same day as the transmission of

the electronic file. Be sure to include the reason an extension for the recipient copies is needed. Transmitters submitting an extension of time for recipient copies with an electronic file should not submit a list of withholding agent names and TINs with the letter since this information is included in the electronic file.

Note: Neither the paper Form 8809, nor the online Fill-in Form 8809 extension option, can be used to request an extension of time to furnish statements to recipients.

Sec. 8 Form 8508, Request for Waiver from Filing Information Returns Electronically

If a filer is required to file original or amended returns electronically, but the requirement creates an undue hardship, a waiver may be requested by submitting [Form 8508, Request for Waiver from Filing Information Returns Electronically](#), to the IRS. If a waiver for an original filing is approved, any corrections for the same type of returns will be covered under that waiver.

If the waiver is approved to file a paper Form 1042-S the official Form 1042-S should be used. If the filer intends to use a paper substitute for Form 1042-S it must conform to every aspect (format and size) of the official Form 1042-S. The substitute form may be used without prior approval from the Internal Revenue Service. The withholding agent must ensure that all fields on the substitute Form 1042-S Copy B, C, and D, which are to be provided to the recipient, contain the exact information provided to the IRS on Copy A of Form 1042-S. For details on the requirements of substitute forms, see [Pub. 1179](#).

Waivers are evaluated on a case-by-case basis and are approved or denied based on criteria set forth in the regulations under Section 6011(e) of the Internal Revenue Code and Regulations Section 301.1474-1. Filers are encouraged to submit Form 8508 to the IRS at least 45 days before the due date of the returns, but no later than the due date of the returns for which the waiver is being requested. The IRS does not process waiver requests until January. Mail completed Form 8508 to:

Internal Revenue Service
240 Murall Drive, Mail Stop 4360
Kearneysville, WV 25430

Sec. 9 Penalties Associated with Information Returns

The following penalties generally apply to the person required to file information returns. The penalties apply to both paper and electronic filers:

- **Failure to File Correct Information Returns by the Due Date (Section 6721)** - If you fail to file a correct information return by the due date and you cannot show reasonable cause, you may be subject to a penalty.
- **Failure to Furnish Correct Payee Statements (Section 6722)** - If you fail to provide correct payee statements and you cannot show reasonable cause, you may be subject to a penalty.

Refer to [2015 General Instructions for Certain Information Returns](#) for additional information on penalty specifications and guidelines.

Note: Penalty amounts will increase on returns required to be filed, and statements required to be furnished, after December 31, 2015.

Sec. 10 Amended Information Returns

01. General Information

Prior year data and amended information returns must be filed according to the requirements of this publication. Use the current year record format, income codes, status codes, and exemption codes to submit prior year information returns. A separate transmission must be made for each tax year. All fields of the return must be complete. Only the returns with errors should be submitted in the amended returns file. The payer must furnish corrected statements to recipients as soon as possible.

In general, withholding agents should submit amended returns for returns filed within the last three calendar years.

Note: If any information corrected on Form 1042-S changes the information previously reported on Form 1042, *Annual Withholding Tax Return for U.S. Source Income of Foreign Persons*, an amended Form 1042 will need to be filed. For information on when an amended [Form 1042, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons](#), is required, refer to the [Instructions for Form 1042-S](#).

If an information return was successfully processed by the IRS and you identify an error with the file after the IRS accepted the file (Good/Released), you need to submit an amended return. Do not submit the original file again, this may result in duplicate reporting. Submit **only** those returns that require amendments. Do not code information returns omitted from the original file as amended returns; if you omitted an information return it should be submitted as an original return. The standard correction process will not resolve duplicate reporting.

.02 When to File

Refer to individual form instructions and the [2015 General Instructions for Certain Information Returns](#), for amended return due dates and penalty information. Amended returns should be filed as soon as possible.

The Recipient "Q" Record provides a 20-position field (positions 72-91) for the recipient's account number assigned by the withholding agent. This number should be included on the initial return and on the amended return. This is especially important when filing more than one of the same type of information return for the recipient. The account number is used by IRS to determine which information return is being amended. It is vital that each information return reported for a recipient have a unique account number. Do not enter a TIN in this field.

If withholding agents discover errors after August 1, they should file amended returns. A timely filed amended return is a factor considered in determining whether an "intentional disregard penalty" should be assessed. If a filer/transmitter discovers errors that affect a large number of recipients, contact the IRS at 1-866-455-7438. Send amended return to the IRS and notify the recipients.

.03 Filing Amendments Electronically

Section 6011(e)(2)(A) requires filers who issue 250 or more information returns for any calendar year to file the returns electronically. The 250 or more requirement applies separately for each type of form filed and separately for original and amended returns. Example: If a payer has 100 Forms 1042-S to correct, the returns can be filed on paper because they fall under the 250 threshold. However, if the payer has 300 Forms 1042-S to amend, the forms must be filed electronically.

Financial institutions that are required to report payments made under Chapter 3 or 4 must electronically file amended Forms 1042-S (regardless of the number of forms to be filed). See Internal Revenue Code 6011(e)(4) and Regulations Section 301.1474-1.

If amended returns are not submitted electronically, they must be submitted on official forms. For information on substitute forms refer to [Publication 1179](#), General Rules and Specifications for Substitute Forms 1096, 1098, 1099, 5498, and Certain Other Information Returns.

The record sequence for filing amended returns is the same as for original returns. Refer to Part C. Record Format Specifications and Record Layouts for more information.

If submitting prior year amended returns, use the record format for the current year and submit in a separate transmission. However, use the actual year designation of the amended return in Field Positions 2-5 of the Transmitter "T" Record. A separate electronic transmission must be made for each tax year.

There are numerous types of errors, and in some cases, more than one transaction may be required to correct the initial error. Review the "One Transaction Correction" and "Two Transaction Correction" tables below before transmitting an amended file.

When correcting the Withholding Agent "W" Record, follow the "Two Transaction Correction" table. When the "W" Record is being corrected, every Recipient "Q" Record reported under that incorrect "W" Record must be amended by zero filling all of the amount fields as described in Error Type 2, Transaction 1.

Sec. 11 Definition of Terms

Element	Description
Amended Return	An amended return is an information return filed by the transmitter to amend an information return that was previously filed and processed by the IRS, but contained erroneous information.
Beneficial Owner	The beneficial owner of income is, generally, the person who is required under U.S. tax principles to include the income in gross income. For additional information and special conditions see Definitions in the Instructions for Form 1042-S .
Employer Identification Number (EIN)	An Employer Identification Number is a nine-digit number assigned by the IRS for federal tax reporting purposes.
File	For purposes of this publication, a file consists of one Transmitter "T" Record at the beginning of the file, a Withholding Agent "W" Record, followed by the Recipient "Q" Record(s), a Reconciliation "C" Record summarizing the number of preceding "Q" Records and total of preceding money fields. Follow with any additional "W", "Q", and "C" Record sequences as needed. The last record on the file is the End of Transmission "F" Record. Nothing should be reported after the End of Transmission "F" Record.
Filer	Person (may be withholding agent, authorized agent, and/or transmitter) submitting information returns to the IRS. See definitions in the Instructions for Form 1042-S for requirements for using an authorized agent.
Filing Year	The calendar year in which the information returns are being filed to the IRS.

Element	Description
Flow - Through Entity (FTE)	A foreign partnership (other than a withholding foreign partnership) or a foreign simple or grantor trust (other than a withholding foreign trust). For any payments for which a reduced rate of withholding under an income tax treaty is claimed, any entity is considered to be a flow-through entity if it is considered to be fiscally transparent under IRC Section 894 with respect to the payment by an interest holder's jurisdiction.
Foreign Financial Institution (FFI)	Any financial institution that is a foreign entity, other than a financial institution organized under the laws of a possession of the United States (generally referred to as a U.S. territory). See Regulations Section 1.1471-5(d) for greater detail.
Foreign Person	A person who is a nonresident alien individual, a foreign corporation, a foreign partnership, a foreign trust, a foreign estate, and any other person who is not a U.S. person. The term also includes a foreign branch or office of a U.S. financial institution or U.S. clearing organization, if the foreign branch is a Qualified Intermediary. Generally, a payment to a U.S. branch of a foreign institution is a payment to a foreign person.
Global Intermediary identification Number (GIIN)	The term GIIN or Global Intermediary Identification Number means the identification number that is assigned to a participating FFI or registered deemed-compliant FFI. The term GIIN or Global Intermediary Identification Number also includes the identification number assigned to a reporting Model 1 FFI for purposes of identifying such entity to withholding agents. All GIINs will appear on the IRS FFI list.
Gross Income	Gross income includes income from all sources, except certain items expressly excluded by statute. Gross income is the starting point for computing adjusted gross income and taxable income.
Individual Taxpayer Identification Number (ITIN)	A nine-digit number issued by the IRS to individuals who are required to have a U.S. taxpayer identification number for tax purposes but are not eligible to obtain a Social Security Number (SSN). An ITIN may be used for tax purposes only.
Information Return	The vehicle for withholding agents to submit required tax information about a recipient to the IRS. For this publication, it is information about a foreign person's U.S. source income subject to withholding, and the information return is Form 1042-S.
Intermediary	A person who acts as a custodian, broker, nominee, or otherwise as an agent for another person, regardless of whether that other person is the beneficial owner of the amount paid, a flow-through entity, or another intermediary.
Nonqualified Intermediary (NQI)	A foreign intermediary who is not a U.S. person and is not a Qualified Intermediary.
Payer	A person for whom the withholding agent acts as a paying agent pursuant to an agreement whereby the withholding agent agrees to withhold and report a payment.
Presumption Rules	A withholding agent who cannot reliably associate a payment with valid documentation must apply certain presumption rules to identify the status of the recipient or may be liable for tax, interest, and penalties. Presumption Rules are prescribed under Chapters 3, 4 and 61 of the Internal Revenue Code.
Pro-Rata Basis Reporting	If the withholding agent has agreed that an NQI may provide information allocating a payment to its account holders under the provisions of Regulations Section 1.1441-1(e) (3) (iv) (D), and the NQI fails to allocate the payment in a withholding rate pool to the specific recipients in the pool, or to a Chapter 4 withholding rate pool, the withholding agent must file a Form 1042-S for each recipient on a pro-rata basis.

Element	Description
Qualified Intermediary (QI)	A Qualified Intermediary is a foreign intermediary that is a party to a withholding agreement with the IRS, in which it agrees to comply with the relevant terms of Chapters 3 and 61 of the Internal Revenue Code and, if it is a financial institution, that is in a country with approved know-your-customer rules. See List of Approved KYC Rules.
Qualified Intermediary Employer Identification Number (EIN)	A nine-digit number assigned by the IRS to a QI for federal tax reporting purposes. A QI-EIN is only to be used when a QI is acting as a qualified intermediary.
Qualified Securities Lender (QSL)	A Qualified Securities Lender is a foreign financial institution that (i) is a bank, custodian, broker-dealer, or clearing organization that is regulated by its home jurisdiction and that regularly borrows and lends the securities of U.S. corporations to unrelated customers; (ii) is subject to audit by the IRS under Section 7602 or by an external auditor if it is a QI; (iii) provides the withholding agent an annual certification of QSL status; and (iv) meets the requirements to qualify as a QSL in Notice 2010-46 (or any subsequent published guidance).
Recipient	A person (nonresident alien individual, fiduciary, foreign partnership, foreign corporation, Qualified Intermediary, Withholding Rate Pool, or other foreign entity) who receives payments from a withholding agent as a beneficial owner or as a qualified intermediary acting on behalf of a beneficial owner. A non-qualified intermediary cannot be a recipient
Replacement File	A replacement file is an information return file sent by the filer at the request of the IRS because of certain errors encountered while processing the filer's original submission.
Service Bureau	Person or organization with whom the withholding agent has a contract to prepare and/or submit information return files to the IRS. A parent company submitting data for a subsidiary is not considered a service bureau.
Social Security Number (SSN)	A nine-digit number assigned by the Social Security Administration to an individual for wage and tax reporting purposes.
Special Character	Any character that is not a numeric, an alpha, or a blank.
Taxpayer Identification Number (TIN)	Refers to either an Employer Identification Number (EIN), Social Security Number (SSN), Individual Taxpayer Identification Number (ITIN), or a Qualified Intermediary Employer Identification Number (QI-EIN).
Tax Year	The year in which payments were made by a withholding agent to a recipient.
Transmitter	The person or organization preparing electronic file(s). The transmitter may be the payer, agent of the payer, or withholding agent.
Transmitter Control Code (TCC)	A five-character alphanumeric code assigned by the IRS to the transmitter prior to electronically filing. This number is inserted in the record and must be present in all files submitted electronically through the FIRE System. An application (Form 4419) must be filed with the IRS to receive this number. Transmitter Control Codes assigned to 1042-S filers will always begin with "22".
Unknown Recipient	For this publication, an unknown recipient is a recipient for whom no documentation has been received by a withholding agent or intermediary, or for which documentation received cannot be reliably associated with the recipient, and that is not reported in a pool of payees or account holders provided by an intermediary or flow-through entity for Chapter 4 purposes (i.e., a Chapter 4 Withholding Rate Pool). This includes incomplete documentation. An unknown recipient is always subject to withholding at the maximum applicable rate. No reduction of or exemption from tax may be applied under any circumstances.

Element	Description
Vendor	Vendors include service bureaus that produce information return files for withholding agents. Vendors also include companies that provide software for those who wish to produce their own electronic files.
Withholding Agent	Any person, U.S. or foreign, who has control, receipt, or custody of an amount subject to withholding under Chapters 3 or 4 or who can disburse or make payments of an amount subject to withholding. The withholding agent may be an individual, corporation, partnership, trust, association, or any other entity. The term withholding agent also includes, but is not limited to, a qualified intermediary, a nonqualified intermediary, a withholding foreign partnership, a withholding foreign trust, a flow-through entity, a U.S. branch of a foreign insurance company or foreign bank or territory financial institution that is treated as a U. S. person. A person may be a withholding agent under U.S. law even if there is no requirement to withhold from a payment or even if another person has already withheld the required amount from a payment.
Withholding Foreign Partnership (WP) or Withholding Foreign Trust (WT)	A foreign partnership or trust that has entered into a Withholding Foreign Partnership agreement or Withholding Foreign Trust agreement with the IRS in which it agrees to assume primary withholding responsibility for all payments that are made to it for its partners, beneficiaries, or owners for Chapter 3 and 4 purposes.
Withholding Rate Pool	See Regulations Section 1.1441-1(c)(44) for definition of Chapter 3 Withholding Rate Pool. See Regulations Section 1.1471-1(b)(20) for definition of Chapter 4 Withholding Rate Pool.

See Regulations Sections 1.1441-1(c) and 1.1471-1(b) for a comprehensive list of Chapter 3 and 4 terms and definitions.

Mailing Address	Company F, PSC Box 100 167 Infantry REGT
Recipient City	APO (or FPO)
Recipient State	AE, AA, or AP*
Recipient ZIP Code	098010100

*AE is the designation for ZIP Codes beginning with 090-098, AA for ZIP Code 340, and AP for ZIP Codes 962-966.

.03 Province Codes

The following table provides Province Codes that are to be used when the Foreign Country Code is Canada (CA).

Table 2: Province Codes for Canada

AB	Alberta	NU	Nunavut
BC	British Columbia	ON	Ontario
MB	Manitoba	PE	Prince Edward Island
NB	New Brunswick	QC	Quebec
NL	Newfoundland & Labrador	SK	Saskatchewan
NS	Nova Scotia	YT	Yukon Territory
NT	Northwest Territories		

Sec. 13 Taxpayer Identification Number

Section 6109 of the Internal Revenue Code establishes the general requirements under which a person is required to furnish a U.S. Taxpayer Identification Number (TIN) to the person obligated to file the information return. The Withholding Agent must provide its EIN, QI-EIN, WP-EIN or WT-EIN as appropriate, in the “W” Record and “T” Record, if the Withholding Agent is also the transmitter. A recipient U.S. TIN (SSN, ITIN, EIN, QI-EIN, WP-EIN, WT-EIN) must be provided on every “Q” Record when:

- The income is effectively connected with the conduct of a trade or business in the United States
- A recipient claims tax treaty benefits (See the Instructions for Form 1042-S for exceptions to the U.S. TIN requirement and when a foreign TIN can be used instead of a U.S. TIN)
- The recipient is a Qualified Intermediary, Withholding Foreign Partnership, Withholding Foreign Trust, or a Qualified Securities Lender
- The recipient is a U.S. branch of an FFI or territory FFI that is treated as a U.S. person under Regulations Section 1.1441-1(b)(2)(iv)(A)
- A nonresident alien (NRA) is claiming exemption from withholding on independent personal services individual is claiming exemption from withholding on independent personal services
- Other situations may apply, see [Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities](#), and the Instructions for [Form 1042-S](#)

In the event the recipient does not have a U.S. TIN, (or foreign TIN, if applicable), the withholding agent should advise the recipient to take the necessary steps to apply for a U.S. TIN. The recipient’s TIN and name combination are used to associate information returns reported to the IRS with corresponding information on the recipient’s tax return. It is imperative that correct U.S. TIN for recipients is provided to the IRS. Do not enter hyphens or alpha characters. Entering all zeros, ones, twos, etc., will have the effect of an incorrect TIN.

The withholding agent and recipient names with associated TINs should be consistent with the names and TINs used on other tax returns.

Note: A withholding agent must have a valid EIN, QI-EIN, WP-EIN, and/or WT-EIN. It is no longer valid for a withholding agent to use SSNs and ITINs.

Part B. | Data Communication

Sec. 1 Application for Filing Information Returns Electronically

.01 Form 4419, Application for Filing Information Returns Electronically (FIRE)

All transmitters who file information returns electronically are required to request authorization to file electronically using Form 4419, *Application for Filing Information Returns Electronically* (FIRE).

Form 4419 may be completed online at <https://fire.irs.gov>. At the main menu, select "Fill-in Form 4419". Review the Important "Notes" screen to ensure that you have the correct information to proceed. To complete your submission, you must click the box, "Yes, I am authorized to sign this document on behalf of the transmitter" to submit the application. If the Form 4419 has been submitted successfully print the screen for your records.

You may submit paper Form 4419, *Application for Filing Information Returns Electronically*, (Rev. 6/2015). Revisions to paper Form 4419 in 2015 include:

- Added checkbox to indicate a revised Form 4419 and a box to provide current Transmitter Control Code (TCC)
- Box 8 – Removed questions pertaining to the use of software or a software provider
- Box 8 – Added checkbox to confirm applicant is authorized to sign the document on behalf of the transmitter and/or payer
- Instructions – Added information to revise current TCC information

You can find more information about Form 4419 by visiting our website at www.irs.gov/formspubs. Note: If you choose to submit a paper Form 4419, ensure you complete (Rev. 2015) as obsolete forms will be returned to the applicant as incomplete.

Transmitters may file Form 4419 throughout the year; however, the application must be filed at least 45 days before the due date of the returns(s) for current year processing.

.02 Do I Need More than One TCC?

The majority of forms require a single Transmitter Control Code (TCC) and therefore, only one Form 4419 must be filed; however, an additional TCC is required for each the following types of returns.

- Forms 1097, 1098, 1099, 3921, 3922, 5498, and W-2G (See Publication 1220)
- Form 1042-S, *Foreign Person's U.S. Source Income Subject to Withholding*
- Form 8027, *Employer's Annual Information Return of Tip Income and Allocated Tips*
- Form 8955-SSA, *Annual Registration Statement Identifying Separated Participants with Deferred Vested Benefits* (See the back of Form 4419 for detailed instructions)

Transmitters who file for multiple withholding agents or qualified intermediaries should submit one application and use the assigned Transmitter Control Code (TCC) for all.

When a withholding agent's files are prepared by a service bureau, it may not be necessary for the withholding agent to submit an application to obtain a TCC. Some service bureaus will produce files, insert their own TCC on the file, and send it to IRS for the withholding agent. Other service bureaus will prepare electronic files for the withholding agent to file directly with the IRS. Withholding agents should contact their service bureaus for further information.

.03 Application Approval

A five-character alphanumeric Transmitter Control Code (TCC) will be assigned and included in an approval letter that will be mailed to the address listed on the application within 45 days. Electronically filed returns may not be filed with the IRS until the application has been approved.

Form 4419 is subject to review before approval to transmit electronically is granted. The IRS may require additional documentation. The IRS has the authority to revoke the TCC and terminate the release of the transmitted files.

Once a transmitter is approved to file electronically, it is not necessary to reapply unless:

- The payer has discontinued filing electronically for two consecutive years.
- The payer's files were transmitted in the past by a service bureau using the service bureau's TCC, but now the payer has computer equipment compatible with that of the IRS and wishes to prepare the files. The payer must request a TCC by filing Form 4419.

.04 Updating Information Form 4419

Transmitters should notify the IRS of any changes to their application information by submitting a revised Form 4419. Check the box located at the top of Form 4419 and provide the current TCC assigned to the business. A revised Form 4419 can only be submitted if you are updating information for a previously submitted and approved Form 4419 for the following information:

- Block 1 - Legal name and address
- Block 3 – Person to contact or contact information

Sec. 2 User ID, Password and PIN Requirements

Before you can transmit files through the FIRE Production System or FIRE Test System (if submitting Test Files), you must establish accounts. The system will prompt you to create you User ID, password and a 10-digit PIN. The FIRE Production System and the FIRE Test System are two different sites that do not communicate with each other. If you plan on sending a production file and a test file, you will need an account on each system.

FIRE passwords must be a minimum of 8 characters and are limited to a maximum of 20 characters. Passwords must contain at least 1 uppercase letter, 1 lowercase letter, 1 number and one of the following special characters #?!@\$%^&*.,'-. The FIRE System will require you to change your password every 90 days or at the first logon attempt after that time period. Additionally, the previous 24 passwords cannot be used.

You must enter the PIN each time you electronically send an original, amended, or replacement file. Test files do not require a PIN. Authorized agents may enter their PIN; however, the payer is responsible for the accuracy of the returns and will be liable for penalties for failure to comply with filing requirements.

If you are submitting files for more than one TCC, it is not necessary to create a separate User ID and password for each TCC.

For all passwords, it is the user's responsibility to remember the password and not allow the password to be compromised.

Sec. 3 Connecting to FIRE

Connect to the FIRE Production System by accessing <https://fire.irs.gov>. The FIRE Production System is available from January 19, 2016, to December 9, 2016. Connect to the FIRE Test System by accessing <https://fire.test.irs.gov>. FIRE Test System is available from from November 2, 2015, through March 18, 2016, 5:00 p.m. (Eastern). Additionally, the FIRE Test System will be down from 6pm (Eastern) December 11, 2015, to January 3, 2016, for yearly updates.

Uploading Files to the FIRE System

Filers may upload a file to the FIRE System by taking the following actions:

After logging in, go to the Main Menu:

- Click “Send Information Returns”
- Enter the TCC
- Enter the TIN
- Click “Submit”

NOTE: The system will display the company name, address, city, state, ZIP Code, telephone number, contact and email address. This information is used to email the transmitter regarding the transmission. Update as appropriate and/or click “Accept”. Click one of the following:

- Original File
- Replacement File
- Amended File
- Test File

Enter the ten-digit PIN (If sending a test file, there is no prompt for this.)

- Click “Submit”
- Click “Browse” to locate the file and open it
- Click “Upload”

Note: When the upload is complete, the screen will display the total bytes received and display the name of the file just uploaded. If this is not displayed on your screen, we probably did not receive the file. To verify, go to Check File Status option on the main menu. If the filename is displayed and the count is equal to ‘0’ and the results indicate ‘not yet processed’, then we received the file. If the filename is not displayed, send the file again.

Checking the Status of Your File

It is the filer’s responsibility to check the status of submitted files. If you do not receive an email within five (5) business days or if you receive an email indicating the file is bad, log back into [FIRE System](#) and select “Check File Status”.

To view the results of the file from the Main Menu:

- Click “Check File Status”
- Enter the TCC
- Enter the TIN
- Click “Search”

File Status Results

- Good, Not Released – The filer is finished with this file if the “Count of Payees” is correct. The file is automatically released after ten business days unless the filer contacts the IRS within this timeframe.
- Good, Released – The file has been released for IRS processing.
- Bad – The file has errors. Click on the filename to view the error message(s), fix the errors, and resubmit the file timely as a “replacement” file.
- Not Yet Processed – The file has been received, but results are not available. Please check back in a few days.

Sec. 4 Electronic Specifications

.01 FIRE System

The FIRE System is designed exclusively for electronic filing of Forms 1042-S, 1097, 1098, 1099, 3921, 3922, 5498, 8027, 8955-SSA and W-2G. Electronic files are transmitted through the FIRE System at <https://fire.irs.gov>. The electronic filing of information returns is not affiliated with any other IRS electronic filing programs. Filers must obtain separate approval to participate in different programs.

Filing Forms 1042-S through the FIRE System (originals, amended, and replacement files) is the method of filing for filers mandated to file electronically. Filers are encouraged to file information returns electronically even if they do not meet the required 250 information returns. Filers who have prepared their information returns in advance of the due date can submit their file any time after the tax year. Filers should retain a copy of the information returns filed with the IRS or have the ability to reconstruct the data for at least three years after the due date of the returns.

The FIRE Production System does not provide fill-in forms, with the exception of:

- Form 4419, *Application for Filing Information Returns Electronically (FIRE)*
- Form 8809, *Application for Extension of Time to File Information Returns*

Prior year data may be filed; however, each tax year must be submitted in a separate file transmission. For prior year data, use the current year format, enter the tax year being reported in field positions 2-5 of the Transmitter "T" Record, and enter a "P" in field position 199 of the Transmitter "T" Record to indicate the file contains prior year data.

Electronic reporting of information returns eliminates the need for electronic filers to send paper documents to the IRS. Do not send copies of the paper forms to the IRS for any forms filed electronically. This will result in duplicate filing.

.02 FIRE System Internet Security Technical Standards

FIRE System Internet Security Technical Standards are:

- HTTP 1.1 Specification (<http://www.w3.org/Protocols/rfc2616/rfc2616.txt>).
- SSL 3.0 or TLS 1.0. SSL and TLS are implemented using SHA and RSA 1024 bits during the asymmetric handshake.
- The filer can use one of the following encryption algorithms, listed in order of priority using SSL or TLS:
 - AES 256-bit (FIPS-197)
 - AES 128-bit (FIPS-197)
 - TDES 168-bit (FIPS-46-3)

Sec. 5 Electronic Submissions

.01 Electronic Submissions

The FIRE System is available for electronic submissions 24 hours a day with the exception of:

- FIRE Production System is down from 6 p.m. (Eastern) December 11, 2015, to January 18, 2016, for yearly updates.
- FIRE Test will also be down from 6 p.m. (Eastern) December 11, 2015, to January 3, 2016, for yearly updates.
- FIRE and FIRE Test Systems may be down every Wednesday from 2:00 a.m. to 5:00 a.m. (Eastern) for programming updates.

Standard ASCII code is required for all files. The file size may not exceed 899,999 records. The time required to transmit files varies depending upon your type of connection to the internet.

When sending electronic files larger than 10,000 records, data compression is encouraged.

- WinZip and PKZIP are the only acceptable compression packages. The IRS cannot accept self-extracting zip files or compressed files containing multiple files.
- The time required to transmit a file can be reduced up to 95 percent by using compression. If you are having trouble transmitting files with a scripting process, please contact the IRS at 1-866-455-7438 (outside the U.S. 1-304-263-8700) for assistance.

Transmitters may create files using self assigned filename(s). However, the FIRE System will assign a unique filename. Record the FIRE filename from the Status Page as it is required when assistance is needed. The FIRE filename consists of:

- Submission type
- TCC
- Four-digit sequence number. The sequence number will be increased for every file sent. For example, if this is the first original file for the calendar year and the TCC is 44444, the IRS assigned filename would be ORIG.44444.0001.

.02 File Definitions

It is important to distinguish between the specific types of files:

- **Original File** – Contains information returns that have not been previously reported to the IRS.
- **Amended File** – a file previously submitted and processed but contained incorrect information. Amendments should only be made to records that have been filed incorrectly, not the entire file.
- **Replacement File** – the “**Check File Status**” option on the FIRE System indicated an original or amended file was bad. After the necessary changes have been made, the entire file must be transmitted through the FIRE System.
- **Test File** – Contains data that is formatted to the specifications in the Publication 1187 and can only be sent through the FIRE Test System.

.03 Submission Responses

The results of your electronic transmission(s) will be sent to the email address that was provided on the “*Verify your Filing Information*” screen within five days after a file has been filed. If using email filtering software, configure software to accept email from fire@irs.gov and irs.e-helpmail@irs.gov.

If a file is bad, the transmitter must return to <https://fire.irs.gov> or <https://fire.test.irs.gov/> to identify the errors. At the main menu select Check File Status.

It is the filer’s responsibility to check the status of the file. See Part B. Sec. 3, [Checking the Status of Your File](#). If a timely filed electronic file is bad, the filer will have up to 60 days from the day the file was transmitted to submit an acceptable replacement file. If an acceptable replacement file is not received within 60 days, the payer could be subject to late filing penalties. The 60-day timeframe only applies to files originally filed electronically.

If the file is good, it is released for mainline processing after ten business days from receipt. Contact the IRS within the ten day timeframe if the file should not be released for further processing.

Sec. 6 Test Files

Filers are not required to submit a test file; however, the submission of a test file is encouraged for all new electronic filers to test hardware and software. See Part B. Sec. 3, [Connecting to the FIRE System](#) for more information.

The IRS will check the file to ensure it meets IRS specifications. Current filers may send a test file to ensure the software reflects all required programming changes; however, not all validity, consistency, or math error tests will be conducted.

The test file must consist of a sample of each type of record:

- Transmitter “T” Record
- Withholding Agent “W” Record
- Multiple Recipient “Q” Records (at least 11 recommended)
- Reconciliation “C” Record
- End of Transmission “F” Record

Note: See Part C for record formats.

If you provided a valid email address on the “Verify Your Filing Information” screen, you will be notified of your file acceptance by email within five days of submission. When using email filtering software, configure software to accept email from fire@irs.gov and irs.e-helpmail@irs.gov.

It is the filers' responsibility to check the results of the submission. See Part B. Sec. 3, [Checking the Status of Your File](#). The following results will be displayed:

“Good, Federal Reporting” – The test file is good for federal reporting.

“Bad” – The test file contains errors. Click on the filename for a list of the errors.

“Not Yet Processed” – The file has been received, but results are not available. Please check back in a few days.

Sec. 7 Accuracy of Data and Common Formatting/Submission Errors

.01 Accuracy of Data

Review the following information below along with the record layout information found in Part C. [Record Format Specifications and Record Layouts](#) to ensure the data contained in the required fields is accurate:

- If a qualified intermediary, withholding foreign partnership, or withholding foreign trust is acting as such, either as a withholding agent or as a recipient, the TIN reported must be a QI-EIN, WP-EIN, or WT-EIN and must begin with “98.” See the definition of a QI in Part A, Definition of Terms or in the [Instructions for Form 1042-S](#).
- Country Codes used must be valid codes taken from the Country Code Table at www.irs.gov/Form 1042-S. If a recipient is claiming treaty benefits, the Country Code can never be “OC” or “UC”.
- If a recipient is an “UNKNOWN RECIPIENT” or “WITHHOLDING RATE POOL,” no address should be present. These are the only two situations where a street address is not required.
- A TIN for a recipient is now generally required, particularly for most treaty benefits. The exceptions are very limited and are listed in [Publication 515](#) and the current Instructions for Form 1042-S. Use recipient U.S. TIN type indicator 4 when a TIN is required but was not provided. Reduced tax rates are not applicable when using the TIN type 4 indicator. See the Instructions for Form 1042-S for when a foreign TIN can be used instead of a U.S. TIN.
- All income, withholding, and repayment fields must be reported in whole dollars only. Do not enter cents in amount fields.

Apply the following formulas to determine U.S. Federal Tax Withheld (field positions 359-370 of the Recipient “Q” Record). Applying the formulas will determine what the correct amount of withholding should be. If a different amount was withheld, enter the amount that was actually withheld in **whole dollars only**. The U.S. Federal Tax Withheld amount must be added to Withholding by Other Agents (field positions 371-382) and the total of the two fields will be reflected in the Total Withholding Credit (field positions 383-394). Also, ensure the appropriate indicator is used in position 761 (U.S. Federal Tax Withheld Indicator). All field positions described below are in the Recipient “Q” Record.

Income Codes (16, 17, 18, 19, 20, and 42)	<u>All Other Income Codes</u>
Gross Income (positions 6-17)	Gross Income (positions 6-17)
– Withholding Allowance (positions 18-29)	X Tax Rate (positions 42-45)
= Net Income (positions 30-41)	= U.S. Federal Tax Withheld (positions 359-370)
X Tax Rate (positions 42-45)	
= U.S. Federal Tax Withheld (positions 359-370)	

To correctly report an Unknown Recipient under Chapter 3, enter the following in the Recipient “Q” Record:

- Chapter 3 Tax Rate (positions 42-45) must be 3000
- Chapter 3 Exemption Code (positions 46-47) is 00
- Chapter 3 Status Code (positions 786-787) is 21
- Recipient’s Name Line-1 (positions 94-133) must have “UNKNOWN” or “UNKNOWN RECIPIENT”

- e. Recipient's Name Line-2 (positions 134-173) must be blank
- f. Recipient's Address (positions 214-337) must be blank
- g. Recipient's Country Code (positions 338-339) is UC

When making a payment to an international organization (such as, United Nations) or a tax-exempt organization under IRC 501(a), use Country Code "OC." Use "UC" only when there is an "UNKNOWN RECIPIENT."

When using Exemption Code 4, the Recipient Country of Residence Code for Tax Purposes MUST be a VALID treaty country (for example, if the recipient is a tax resident of Northern Ireland use United Kingdom). Do not use Exemption Code 4 unless the exemption of tax is based on a treaty claim. If the tax treaty reduces the tax rate but does not exempt the payment, enter 00 or blanks for the exemption code as indicated in the "Q" Record instructions for positions 46-47.

For reporting a payment allocable to a Chapter 4 Withholding Rate Pool, enter the name of the intermediary or flow-through entity providing the pooled information as the Recipient Name, and enter one of the Chapter 4 pooled reporting codes (42-48) as the Recipient Code.

.02 Income Codes

Generally, payments under Income Codes 06 and 08 are not exempt from withholding, however, certain exceptions apply. If income is from gambling winnings (Income Code 28) or is not specified (Income Code 50), the tax rate must generally be 30%. This type of income is only exempt from withholding at source if the exemption is based on a tax treaty as listed in [Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities](#). If Income Code 42 or 43 (Earnings as an Artist or Athlete) is used, the Chapter 3 Status code must be 22 (**generally, such amounts are not subject to a reduced rate of tax under treaty**). Do not use Chapter 3 Status code 16 (Individual), 15 (Corporation), or 08 (Partnership). If compensation that otherwise would be covered under Income Codes 17 through 20 is directly attributable to the recipient's occupation as an artist or athlete, use Income Code 42 or 43 instead. When paying scholarship and fellowship grants (Income Code 16), the Recipient's Country of Residence for Tax Purposes must be identified and cannot be "OC" or "UC." Grants that are exempt under Code Section 117 are not required to be reported on Form 1042-S.

Note: Grants that are exempt under IRC Section 117 include only the amounts provided for tuition, fees, books, and supplies to a qualified student. Amounts provided for room and board can only be exempt under a tax treaty and must be reported on Form 1042-S whether exempt from tax or not.

If a student is receiving compensation (Income Code 20), or a teacher, or a researcher is receiving compensation (Income Code 19), all or part of which should be exempt from tax under a tax treaty, the Country of Residence for Tax Purposes must be identified and cannot be "OC" or "UC." See the [Instructions for Form 1042-S](#).

.03 Common Formatting Errors

Item	Issue	Resolution
1.	Incorrect TIN indicator in the "W" Record.	Ensure the correct TIN Indicator is used. A U.S. withholding agent always has an EIN. Only a foreign withholding agent that has entered into a Qualified Intermediary agreement with the IRS can have a QI-EIN. If the withholding agent is a foreign company, then a foreign address must be entered in the withholding agent address fields.
2.	Blank or invalid information in the Withholding Agent's name and address fields.	The IRS error amendment process requires that the "W" Record be checked for validity before the "Q" Record can be amended. Ensure that the withholding agent's Name, EIN, Street Address, City, and State or Country is present along with the appropriate Postal or ZIP Code. The Withholding Agent's Name Line-1 must contain the withholding agent's name.

Item	Issue	Resolution
3.	Missing Recipient TIN in the "Q" Record.	A Recipient TIN must be present in order to allow a reduction or exemption from withholding at the 30% tax rate. The only major exceptions to this rule involve payments of portfolio interest, dividends, and certain royalty payments. If the recipient doesn't have a TIN, one must be applied for and provided to the withholding agent before a reduction or exemption of withholding is allowed.
4.	Invalid Recipient name and address information.	The recipient name entered in Recipient's Name Line-1 must be the same name shown on the withholding certification document provided to and retained by the withholding agent. Recipient's Street Line-1 should only show the official street address. Use Recipient's Street Line-2 for additional internal distribution information such as mail stop numbers or attention information. Follow the instructions for entry of foreign postal codes, cities, and countries. Do not input all information in the City field. Use the appropriate fields and codes. Enter information using valid characters.
5.	Incorrect use of Chapter 3 Recipient Code 21 or Chapter 4 Recipient Code 29 (Unknown Recipient)	Chapter 3 Status Code 21 and Chapter 4 Status Code 29 may be used only if no withholding certification document has been provided to and retained by the withholding agent, or the withholding certification document provided to and retained has been determined by the withholding agent to be incomplete or otherwise unreliable. If Chapter 3 Status Code 21 or Chapter 4 Status Code 29 is used, the Recipient Name Line-1 must contain the words "UNKNOWN" or "UNKNOWN RECIPIENT" and the other name and address fields must be blank.
6.	Incorrect use of Recipient Code 21 and the Tax Rate and U. S. Tax Withheld fields.	If Chapter 3 Status code 21 is used, the Tax Rate and the U.S. Tax Withheld must always be 30%. Exemption Code 04 (treaty exemption) is not allowed when using Chapter 3 Status code 21.
7.	Incorrect use of Country Codes in the "Q" Record.	There are three places in the "Q" Record where country information must be entered. Generally, the information entered in these three fields should be consistent. The country list in the Instructions for Form 1042-S is comprehensive. Do not use any code that is not on the list. Read the <i>Instructions for Form 1042-S</i> regarding the use of "OC" and "UC." Do not use these two codes under any other circumstances than those specifically indicated in the instructions.

Item	Issue	Resolution
8.	Incorrect reporting of Tax Rates in the "Q" Record.	A valid Tax Rate Table is included at www.irs.gov/Form 1042-S . Please refer to the table and only use the tax rates listed. "Blended rates" are not allowed. If a tax rate for a given recipient changes during the year, two "Q" Records must be submitted.
9.	Total amounts reported in the "C" Record do not equal the total amounts reported in the "Q" Records.	The total Gross Income and Total Withholding Credit reported in the "Q" Records must equal the Total Gross Income and Total Withholding Credit reported in the corresponding "C" Record.
10.	The following are other major errors associated with electronic filing:	<p>a. Invalid characters. The only valid characters are those characters listed in General Record Format Section.</p> <p>b. "Q" Record Positions 383-394 (Total Withholding Credit) must equal the amounts in Positions 359-370 (U.S. Federal Tax Withheld) and Positions 371-382 (Withholding by Other Agents).</p> <p>c. "C" Record Positions 31-43 (Total Withholding Credit) must reflect the aggregate of the preceding "Q" records, positions 383-394 (Total Withholding Credit).</p> <p>d. "Q" Record Positions 42-45 (Chapter 3 Tax Rate) must reflect a valid tax rate.</p> <p>e. "Q" Record Positions 46-47 (Chapter 3 Exemption Code) must reflect a valid code and the exemption code must be compatible with the tax rate. For example, if a zero tax (0000) rate is entered in positions 42-45 (Chapter 3 Tax Rate), the appropriate exemption code of 01-12 must be used in positions 46-47.</p>

.04 Common Submission Errors

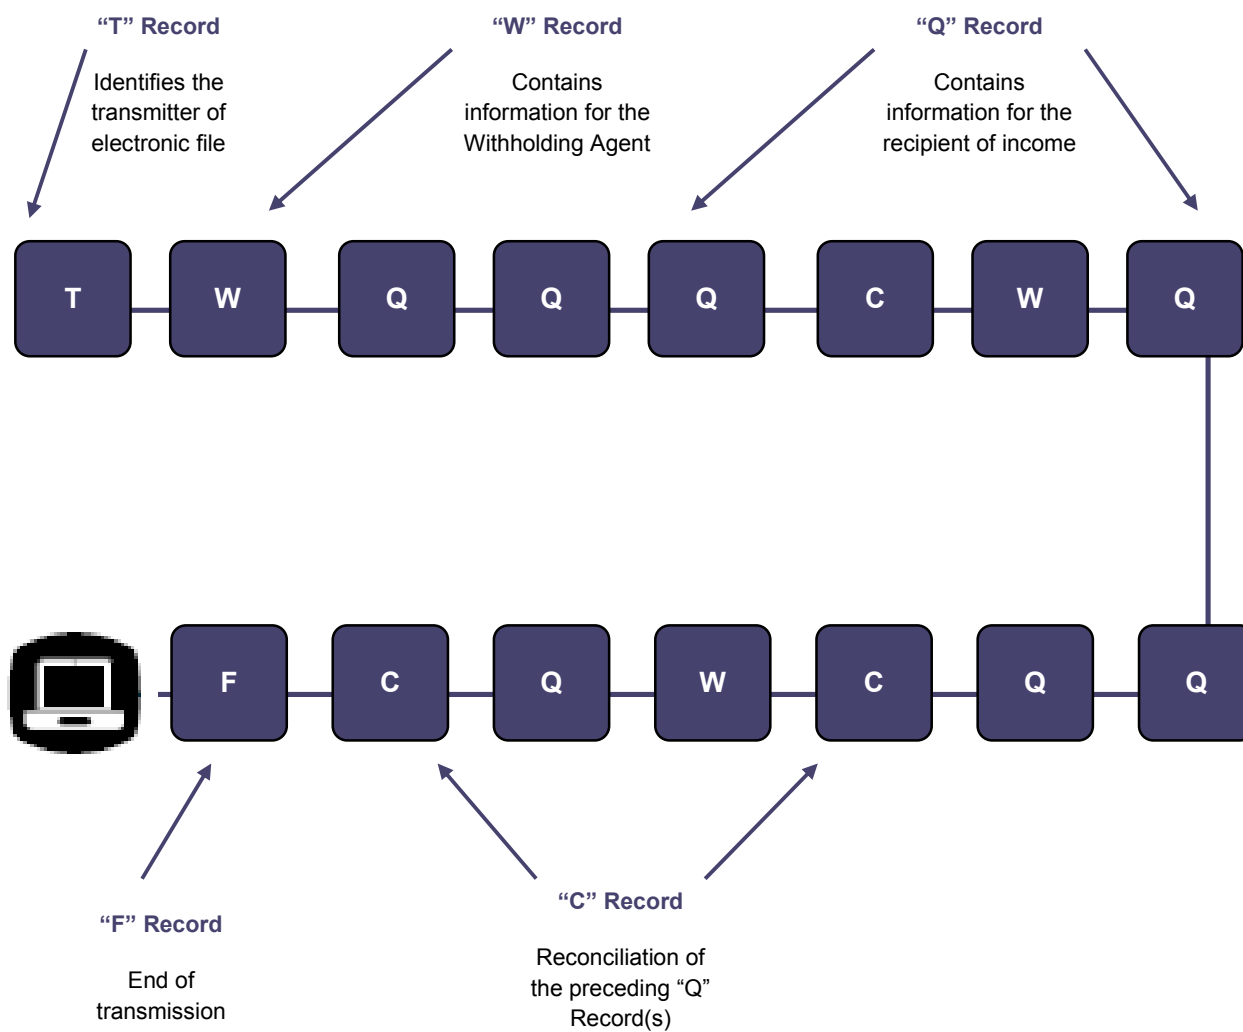

Item	Issue	Resolution
1.	SPAM filters are not set to receive email from fire@irs.gov and irs.e-helpmail@irs.gov .	To receive emails concerning files, processing results, reminders and notices, set the SPAM filter to receive email from fire@irs.gov and irs.e-helpmail@irs.gov .
2.	Incorrect email address provided.	When the "Verify Your Filing Information" screen is displayed, make sure the correct email address is displayed. If not, please update with the correct email address.

Item	Issue	Resolution
3.	Transmitter does not check the FIRE System to determine file acceptability.	Generally, the results of file transfers are posted to the FIRE System within five business days. If the correct email address was provided on the "Verify Your Filing Information" screen when the file was sent, an email will be sent regarding the FILE STATUS. If the results in the email indicate "Good, Not Released" and the "Count of Payees" is correct, the filer is finished with this file. If any other results are received, follow the instructions in the "Check File Status" option. If the file contains errors, get an online listing of the errors. If the file status is good, but the file should not be processed, filers should contact the IRS within ten business days from the transmission of the file.
4.	Replacement file is not submitted timely.	If a file is bad make necessary changes and resubmit timely as a replacement file within 60 days from the date the original file was transmitted.
5.	Transmitter compresses several files into one.	Only compress one file at a time. For example, if there are ten uncompressed files to send, compress each file separately and send ten separate compressed files.
6.	Transmitter sends an original file that is good, and then sends an amended file for the entire file even though there are only a few changes.	Call the IRS at 1-866-455-7438 (outside the U.S. 1-304-263-8700), the IRS may be able to stop the file before it has been processed.
7.	File is formatted as EBCDIC.	All files submitted electronically must be in standard ASCII code.
8.	Transmitter has one TCC, but is filing for multiple companies, which TIN should be used when logging into the FIRE System to send a file?	When sending the file electronically, enter the TIN of the company assigned to the TCC.
9.	Transmitter sent the wrong file, what should be done?	Call the IRS at 1-866-455-7438 (outside the U.S. 1-304-263-8700). The IRS may be able to stop the file before it has been processed.
10.	Transmitter sends a file and "CHECK FILE STATUS" indicates that the file is good, but the transmitter wants to send another file containing the same information.	Once a file has been transmitted, a replacement file cannot be sent unless the "CHECK FILE STATUS" indicates the file is bad (five business days after the file was transmitted). If a file should not be processed, contact the IRS at 1-866-455-7438 (outside the U.S. 1-304-263-8700), to see if the processing can be stopped.
11.	Transmitter uses the TCC assigned for filing 1098, 1099, 5498 or W-2G forms.	To transmit Form 1042-S, filers must use the correct TCC, which begins with "22". Call the IRS at 1-866-455-7438 to close file submitted under incorrect TCC.

Part C. | Record Format Specifications and Record Layouts

File Format Diagram

Each record must be 1020 positions.

Sec. 1 Record Format

Do not use decimal points (.) to indicate dollars and cents. Payment Amount Fields must be all numeric and entered in whole dollars only (do not enter cents). If the field is not used, fill with zeros (0).

For all fields marked **“Required,”** the transmitter must provide the information described under General Field Description. If required fields are not completed in accordance with this publication, the IRS will contact the filer to request a replacement file. For those fields not marked **“Required,”** a transmitter must allow for the field, but may be instructed to enter blanks or zeros in the indicated field position(s) and for the indicated length.

Valid Characters

The only valid characters for electronic filing are alpha, numeric, blank, ampersand (&), hyphen (-), comma (,), apostrophe ('), forward slash (/), pound (#), period (.), and the percent (%). The percent [% (used as “in care of”)] is valid in the first position only. Do not use special characters that are unique to a language other than English. For example: â = A, æ = A, û = U, Ø = O, ñ = N, etc. Inclusion of any characters other than those identified as valid in the instructions will result in a “Bad File” status.

Sec. 4 Recipient “Q” Record

General Field Descriptions

The Recipient “Q” Record contains name and address information for the Recipient of Income, Non-Qualified Intermediary or Flow-Through Entity, Payer, and all data concerning the income paid and tax withheld that is required to be reported under U.S. law.

- All recipient “Q” Records for a particular withholding agent must be written after the corresponding Withholding Agent “W” Record, followed by a Reconciliation “C” Record, and before the “W” Record for another withholding agent begins.
- Each Recipient “Q” Record is treated as if it were a separate Form 1042-S.
- The “Q” Record is restricted to one type of income.
- All records must be a fixed length of 1020 positions.
- Report income and tax withheld in **whole dollars only**, rounding to the nearest dollar (do not enter cents). For example, report \$600.25 as 000000000600. Round up or down as appropriate. To round off amounts to the nearest whole dollar, drop amounts under 50 cents and increase amounts of 50 to 99 cents to the next whole dollar. If there are two or more amounts to add together, figure the amount to be reported by including cents when adding and only round off the total figure to be reported. Do not enter cents. Money amount fields not used must contain zeros.

- Do not use punctuation in the name and address fields.
- For all fields marked “Required,” the transmitter must provide the information described under General Field Description. For those fields not marked “Required,” a transmitter must allow for the field but may be instructed to enter blanks or zeros in the indicated field positions and for the indicated length.

Under certain circumstances, it may be necessary to submit more than one “Q” Record for the same recipient. Failure to provide multiple Recipient “Q” Records when necessary may generate math computation errors during processing. This will result in the IRS contacting you for correct information.

Following are some of the circumstances when more than one Recipient “Q” Record would be required:

- Different types of income. For example, Recipient X derived income from Capital Gains (Income Code 09) and Industrial Royalties (Income Code 10). A separate “Q” Record must be reported for each Income Code. Each “Q” Record must reflect the Gross Income Paid and any U.S. Federal Tax withheld by the withholding agent(s) pertaining to that Income Code.
- Change in Country Code during the year. For example, the withholding agent received notification by Form W-8BEN that the recipient’s country of residence for tax purposes changed from country X to country Y. A separate “Q” Record must be reported for each Country Code providing Gross Income Paid, Tax Rate, any U.S. Federal Tax Withheld by the withholding agent(s), and Exemption Code, if any. The amounts reported must be based on each country.
- Change in a country’s tax treaty rate during the year. For example, effective April 1, country X changes its tax treaty rate from ten percent to twenty percent. A separate “Q” Record must be reported for each of the tax rates. Provide the Gross Income Paid, Tax Rate, and any U.S. Federal Tax Withheld by the withholding agent(s) under each tax rate.

For additional information refer to [Part A, Section 6, Filing Requirements, Retention Requirements, Due Dates and Extensions](#).

There are three methods for filing a request for an extension of time to file information returns:

Method	How To	Notification
Online submission of Extension of Time to File Information Returns	The Fill-in Form 8809 may be completed online via the FIRE Production System (See Part B, Sec. 3, Connecting to the FIRE System. From the Main Menu, click "Extension of Time Request" and then click "Fill-in Extension Form")	Forms 8809 completed online receive an instant acknowledgement on screen
Electronic File Transmission (record layout)	A request for an extension of time to file information returns may be filed electronically by transmitting an electronic extension file.	Transmitters requesting an extension of time via an electronic file will receive the file status results online.
Paper submissions of Form 8809, <i>Application for Extension of Time to File Information Returns</i>	Form 8809 can be obtained on http://www.irs.gov , Forms & Pubs (see Part A, Sec. 5, General Information, Additional Resources) sMail completed Form 8809 to: Internal Revenue Service Attn: Extension of Time Coordinator 240 Murall Drive, Mail Stop 4360 Kearneysville, WV 25430	Payer/filer will only receive a letter if denied or a request for missing information

If the request for extension of time to file an information return is received beyond the due date of the information return, it will be denied. For more information on extension requests and requesting an additional extension of time, see Form 8809, *Application for Extension of Time to File Information Returns*.

Note: The IRS encourages the payer community to utilize the online Fill-in form in lieu of the paper Form 8809. When completing the online Fill-in form via the FIRE System, a separate Form 8809 must be completed for each payer.

.02 Request for Additional Extension of Time

Regulations Section 1.6081-8(2)(d) allows a payer (filer) or transmitter to request an additional 30-day extension to file information returns if the first automatic 30-day extension was granted and the additional extension is filed before the expiration of the automatic 30-day extension. The request for an additional extension can be filed on Form 8809 or filed electronically provided that the filer faxes a Form 8809 the same day the file is transmitted to satisfy the reason and signature requirement. The online Fill-in Form 8809 cannot be used to request an additional extension of time.

.03 Extension of Time for Recipient Copies of Information Returns

Request an extension of time to furnish statements to recipients of Forms 1097, 1098 series, 1099 series, 3921, 3922, 5498 series, W-2G, W-2 series, and 1042-S by submitting a letter to the IRS at the following address:

Internal Revenue Service
Attn: Extension of Time Coordinator
240 Murall Drive, Mail Stop 4360
Kearneysville, WV 25430

The letter should contain the following information:

- Payer or employer name
- TIN
- Address
- Type of return
- Specify that the extension request is to provide statements to recipients
- Reason for the delay
- Signature of payer or duly authorized person

Requests for an extension of time to furnish statements to recipients of Forms 1042-S are not automatically approved. If approved, an extension will allow a maximum of 30 days from the due date. The request must be postmarked no later than the date the statements are due to the recipients.

Only the filer or transmitter may sign the letter requesting the extension for recipient copies; however, if a transmitter has a contractual agreement with a payer to file extension requests on the payer's behalf, the transmitter should state so in the letter requesting the extension.

Transmitters may file a request for an extension of time for recipient copies by submitting an electronic file listing filers/payers, employer names and TINs. A signed letter must be faxed to the IRS by the transmitter the same day as the transmission of the electronic file. A list of filers/payers, employer names and TINs is not required to be included with the letter since the information was included in the electronic file.

When requesting an extension of time for recipient copies, be sure to include the reason an extension for the recipient copies is needed.

Note: Neither the paper Form 8809, nor the online Fill-in Form 8809 extension option, can be used to request an extension of time to furnish statements to recipients.

The specifications for filing extensions of time electronically include the required 200-byte record layout. Also included are the General Field Description and information to assist in completing each field.

The filer must have a Transmitter Control Code (TCC) to submit an extension electronically. Do not submit tax year 2015 extension requests filed electronically before January 4, 2016.

File processing results will be sent via email if a valid email address was provided on the "Verify Your Filing Information" screen. If you are using email filtering software, configure software to accept email from fire@irs.gov and irs.e-helpmail@irs.gov.
